

# PRIMETIME™

## 350 Series

### Step up to a Better Value

The PRIMETIME, with its wide variety of floorplans, top-quality components, and your choice of optional equipment, gives you a quality-built steel bus at a price that makes good business sense. And, while strength is a high priority, style and comfort are equally important in tour, charter and shuttle vehicles. Each interior is built to your specifications – because that's the way it should be!

GVWR SRW/DRW	9,600/10,700

**“Steel-Safe”** construction wraps passengers in strength and comfort. The subfloor of welded square tube steel is covered with 5/8" pressure-treated MarineTech plywood. A welded steel cage frame is filled with solid-block dense foam insulation and laminated to a galvanized steel exterior skin and an interior wall of vinyl-covered lauan for the side and rear walls that give you the durability and strength you need. Glaval buses have a 5 year/100,000 mile limited warranty.
